BUHLER PVT. LTD PROJECT

CLEAN & HYGIENIC EPOXY RESIN FLOORING SOLUTIONS

Project:

The Bühler Holding AG based in Switzerland is a specialist and technology company for plant and equipment and related services for processing foods and manufacturing advanced materials. The organization holds leading market positions worldwide in the fields of technology as well as processes for transforming grain into flour and animal feeds, producing pasta and chocolate, and manufacturing die cast components. Bühler Group operates in over 140 countries. Bühler has been operating in the country since 1985 and in 2015 inaugurated a modern office and workshop complex in Sundar Industrial Estate just outside of Lahore.

Project Requirements:

Buhler Pakistan has a strong local presence in the country. As the market leader, Bühler Pakistan offers comprehensive solutions and systems to suit specific customer needs. In 2015, Company inaugurated a modern office and workshop complex in Sundar Industrial Estate. Project required clean & Hygienic flooring solutions for the newly built complex. Company required the floors to be unique and aesthetically strong. In addition to that, features like durability, dust free & easy cleaning in floors were also demanded. The demand was approached by Sika sales team and the best Sika solutions were provided.

Sika Solution:

In order to fulfill customers needs in the utmost manner. Sika recommended its Epoxy floors which strike the perfect balance between aesthetics and functionality. Sika Epoxy floors are Ideal for the most arduous environments where a reliable, seamless resin flooring solution is required. Sikafloor®-264 which is a two part, economic, solvent-free coloured epoxy resin was recommended to meet the demands of the customer.

Sikafloor-264 is used as a Roller coat for concrete and cement screeds with normal to medium heavy wear e.g. storage and assembly halls, maintenance workshops, garages, loading ramps and car parks maintenance hangars and for wet process areas, e.g. beverage and food industry. Sikafloor-264 is an environmentally friendly solution that also, provides Good chemical and mechanical resistance.
